

A LOT OF EFFORT HAS BEEN MADE BY ASEAN IN ESTABLISHING ASEAN COORDINATING CENTRE FOR HUMANITARIAN ASSISTANCE ON DISASTER MANAGEMENT (AHA CENTRE) AS THE OPERATIONAL ENGINE OF AADMER

The AHA Centre shall be established for the purpose of *facilitating co-operation and co-ordination among the parties, and with relevant United Nations and international organizations, in promoting regional collaboration* (AADMER article 20.1)

The AHA Centre shall work on the basis *that the Party will act first to manage and respond to disasters. In the event that the Party requires assistance to cope with such situation, in addition to direct request to any Assisting Entity, it may seek assistance from the AHA centre to facilitate such request* (AADMER article 20.2)

AND ALSO OFFICIALLY LAUNCHED AT THE 19TH ASEAN SUMMIT...

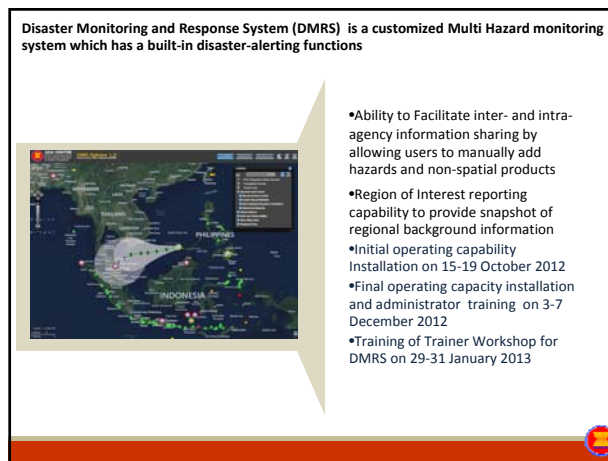

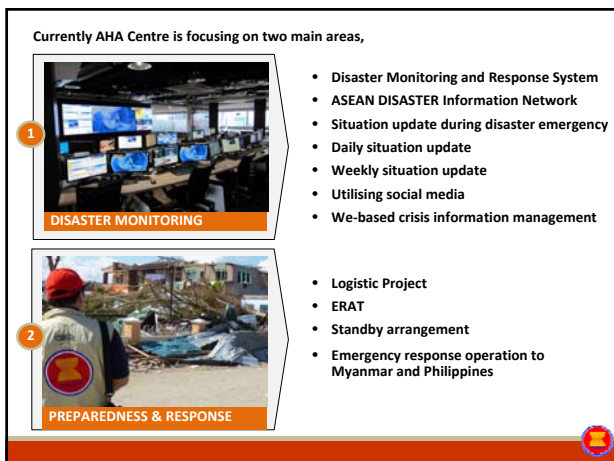

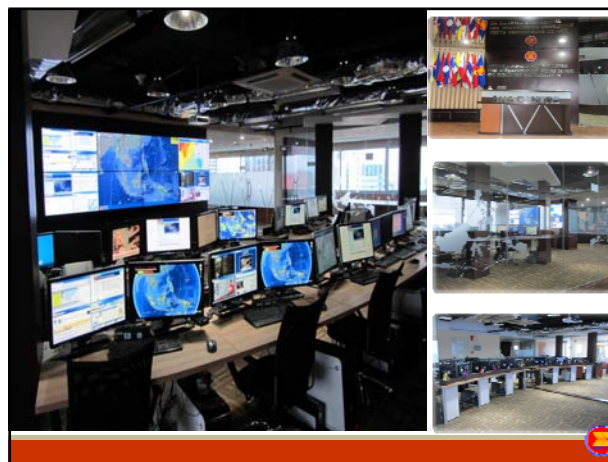

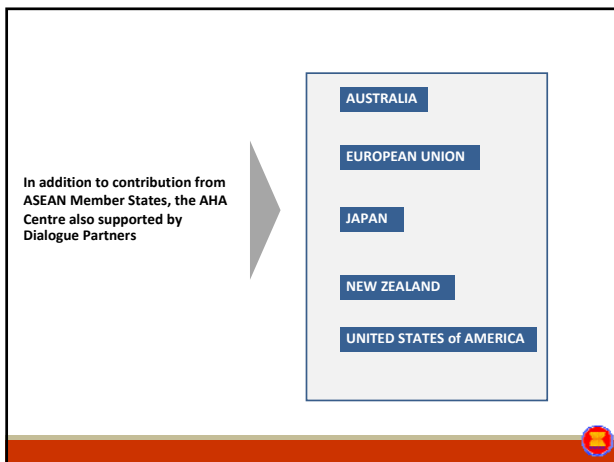

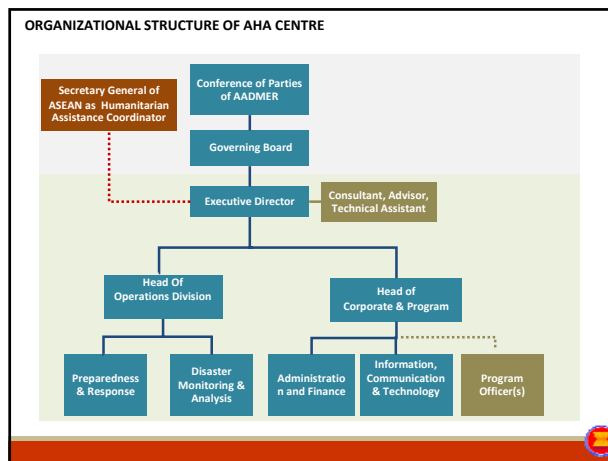

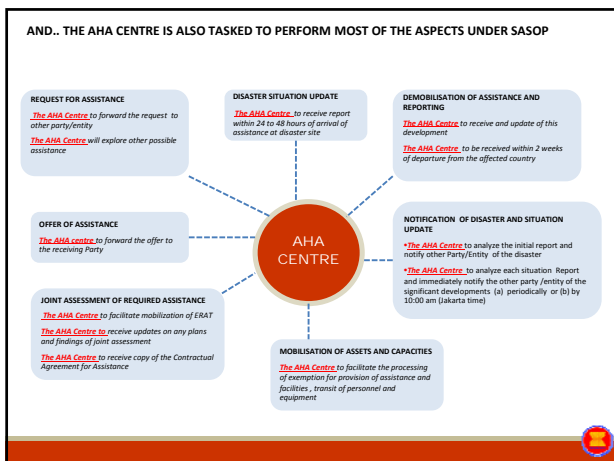

"We welcome with satisfaction the signing of the Agreement on the Establishment of the ASEAN Coordinating Centre for Humanitarian Assistance on disaster management (AHA Centre) by our Foreign Ministers on the sidelines of the 19th ASEAN Summit. We further welcome the official launch of the AHA Centre on 17 November 2011 as a mechanism in facilitating cooperation and coordination among the ASEAN Member States and with relevant United Nations agencies and international organizations to promote regional collaboration.

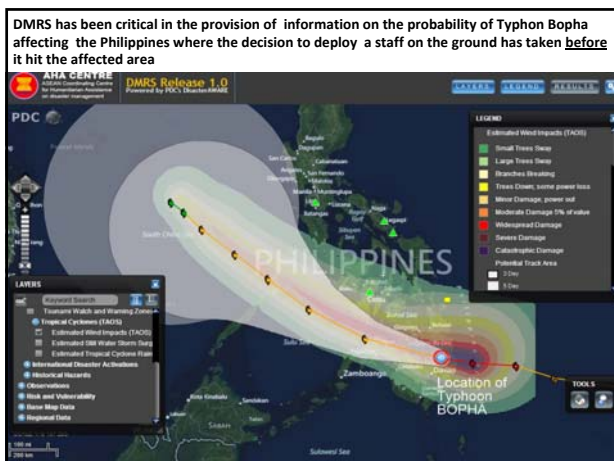

(Chairman's statement of the 19th ASEAN summit, Bali, Indonesia 17 November 2011)

AADMER ALSO REQUIRES THE PREPARATION ON EFFECTIVE STANDARD OPERATING PROCEDURE FOR REGIONAL STANDBY ARRANGEMENTS AND COORDINATION OF JOINT DISASTER RELIEF AND EMERGENCY RESPONSE OPERATION (SASOP)

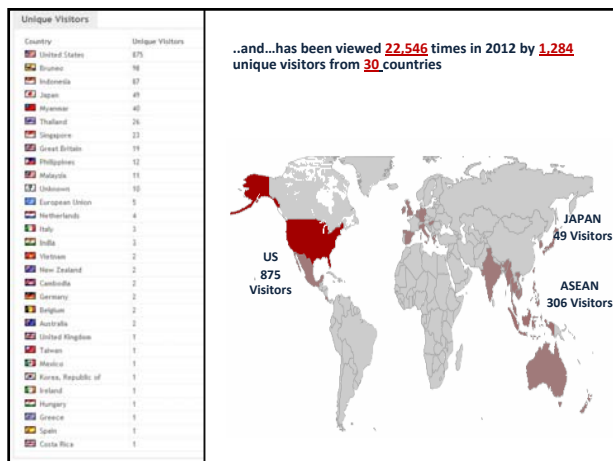

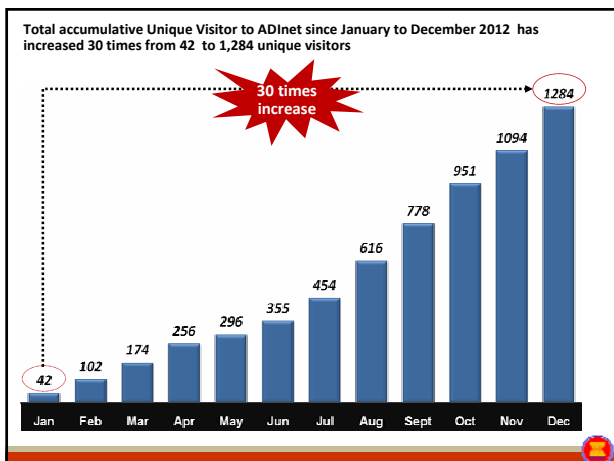

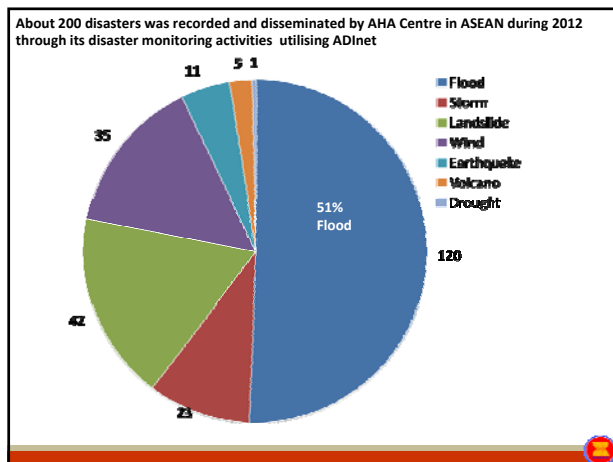

- Guides and templates to initiate the establishment of the ASEAN Standby Arrangements for Disaster Relief and Emergency Response,
- Procedures for joint disaster relief and emergency response operations
- Procedures for the facilitation and utilization of military and civilian assets and capacities, (personnel, transportation and communication equipment, facilities, good and services, and the facilitation of their trans-boundary movement)
- Methodology for the periodic conduct of the ASEAN regional disaster emergency response simulation exercises (ARDEX) which shall test the effectiveness of this procedures

ASEAN Disaster Information Network (ADinet) provides regional disaster monitoring overview on a **daily basis** which can be accessed through <http://adinet.ahacentre.org>

- Manually input every day by AHA Centre to record and provide online reporting on disaster in the region
- Web based Open Source System
- Allow simple location map of disaster
- Ability to integrate official source of information, photos, videos, and news
- Can be expanded to be a community based network

AHA Centre also provides disaster updates through twitter...

When a disaster happens in the region, the AHA Centre will record the event into ASEAN Disaster Information Network (ADInet) and automatically updates the AHA Centre twitter

..and also provides disaster updates through facebook which contains more picture of activities as well .. But we strongly need more visitors ...

please join us at : www.facebook.com/ahacentre
and please don't forget to

The AHA Centre also provides weekly situation updates through email on every Monday to the National Focal points to summarize disaster situation in the region

National Focal Points

Period of coverage

Source of information

Summary of events which includes link to ADInet for more detail information
